

Школа магистров «Физика будущего»

**ОТКРЫТА
РЕГИСТРАЦИЯ**

From January 24 to January 28, our high school will hold an open master's school "Physics of the Future" (registration by [link](#) until January 15).

The Winter School of Masters of the Polytechnic University in Physics is a project aimed at 3-4 year students of technical and research specialties, conducted on the basis of the Higher Engineering Physics School (VIFS) of the Institute of Electronics and Telecommunications of Peter the Great SPbPU.
